Spira

An architectural rendering of a modern building complex. The central focus is a three-story brick building with a red-tiled roof and several dormer windows. On top of this brick building, a taller, modern structure is built, featuring a grid of vertical copper-colored frames and large glass windows. To the right, a portion of a traditional, light-colored stone building with arched windows is visible. In the foreground, a street scene is depicted with several people walking, a white car parked, and trees lining the sidewalk. A blue circular graphic in the upper right corner contains white text.
